Teacher Spotlight: Mr. Dan Zwerg

Mr. Dan Zwerg is the Technology Director at Saint Stanislaus College. Some call him the “Renaissance Man” because of the number of hats he wears at the school. He is also the sailing team coach and RC club moderator. Mr. Zwerg has worked at Stanislaus since 2001 and, over the years, has taught graphic design, desktop publishing, keyboarding, computer applications, AP Physics, and even Band. These days, he helps everybody in the school with their technology needs and keeps the network humming and all the server systems up and running.

Mr. Zwerg has a bachelor’s degree in microbiology from Mississippi State University and a master’s degree in technology educations from the University of Southern Mississippi. He has taken additional courses in computer programming. He is certified by the Mississippi Department of Education to teach a wide variety of computer-related courses and has numerous other certifications.

Mr. Zwerg is also Captain Zwerg. As a USCG licensed master mariner, he enjoys taking groups on sailing adventures in the Florida Keys, the Bahamas, and the Caribbean.

Mr. Zwerg’s was first introduced to Saint Stanislaus when he was doing a summer faculty fellowship with NASA at Stennis Space Center. He made an arrangement with Camp Stanislaus to help in the evenings in exchange for a place to stay during the summer. He really liked the Stanislaus environment and made a career change from Mississippi Gulf Coast Community College to Saint Stanislaus a few years later.

The goal of the International Club is to increase exposure of the countries that are represented in our residency program, and also of other cultures, races, and ethnicities from around the world. Ultimately, we hope that our presence creates a better appreciation for diversity at Saint Stanislaus.

Solar Eclipse

A solar eclipse occurs when the moon passes between the sun and the earth. It's when the moon either partially or fully occults the sun. This can happen only at a new moon when the sun and the moon are in conjunction as seen from Earth in an alignment referred to as syzygy. An eclipse is a natural phenomenon. According to NASA, it has been more than three decades since the total solar eclipse of Feb. 26, 1979, which crossed through Washington, Oregon, Idaho, Montana, and North Dakota, before heading north to Canada. That's the last time the contiguous U.S. has seen a total solar eclipse, until the one on August 21, 2017. This year's 2017 solar eclipse was a very rare event. Saint Stanislaus College had the opportunity to go outside in front of campus and experience the solar eclipse live. Protective eyewear was passed out because you cannot look directly at the sun during a solar eclipse.

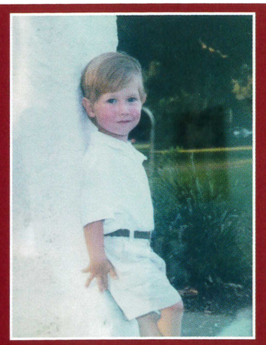
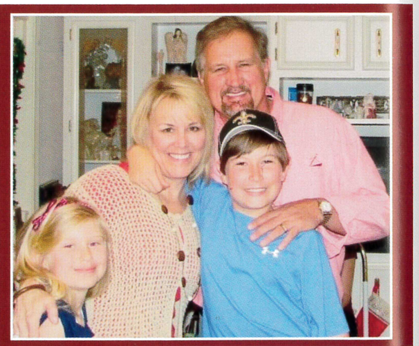
Charlie….how fast you have grown from a precious little boy to a 17 year old young man. Six years at Saint Stanislaus seems to have been the best decision we made as a family. Having a great education was a must but to have the strong and positive influence around you every day during those years was an added bonus - and one you treasured the most. I know you will look back at the pages in this yearbook and remember the faces and the people who allowed you this positive experience. But now, you are on to new things and new experiences. I hope that you will remember those people who influenced you and as you go through life, ensure that you demonstrate the same characteristics to those who may need something or who may be less fortunate. Pay it forward! We cannot wait to see where this next journey takes you. I know you will make it an amazing one. Remember that we are your biggest fans and will always be here for you.

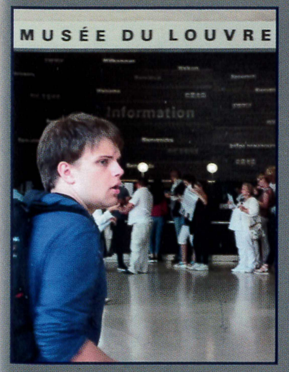
Love,
Dad, Mom and Allie





Nick Areng

From your first day of school to your last, you have been eager to learn! You have grown into a stellar young man! Intelligence plus character are the true goals of education! We can't wait for your next adventure at Mississippi State University.
We are so proud of you, Nick! Love, Momma, Daddy and our families



Tanner Booth

Congratulations!! We are so proud of you and all of your accomplishments. We look forward to wathing you work toward and obtaining your goals in life. Your are such a special person and we are so proud of the man you have become. Please continue being the sweet, strong, compassionate, and loving person that you are. We love you so much and are extemely blessed to call you our family. Good luck with your journey in life and we will always be by your side.
We love you!
Mom, Adeline, Mammaw, and Pappaw

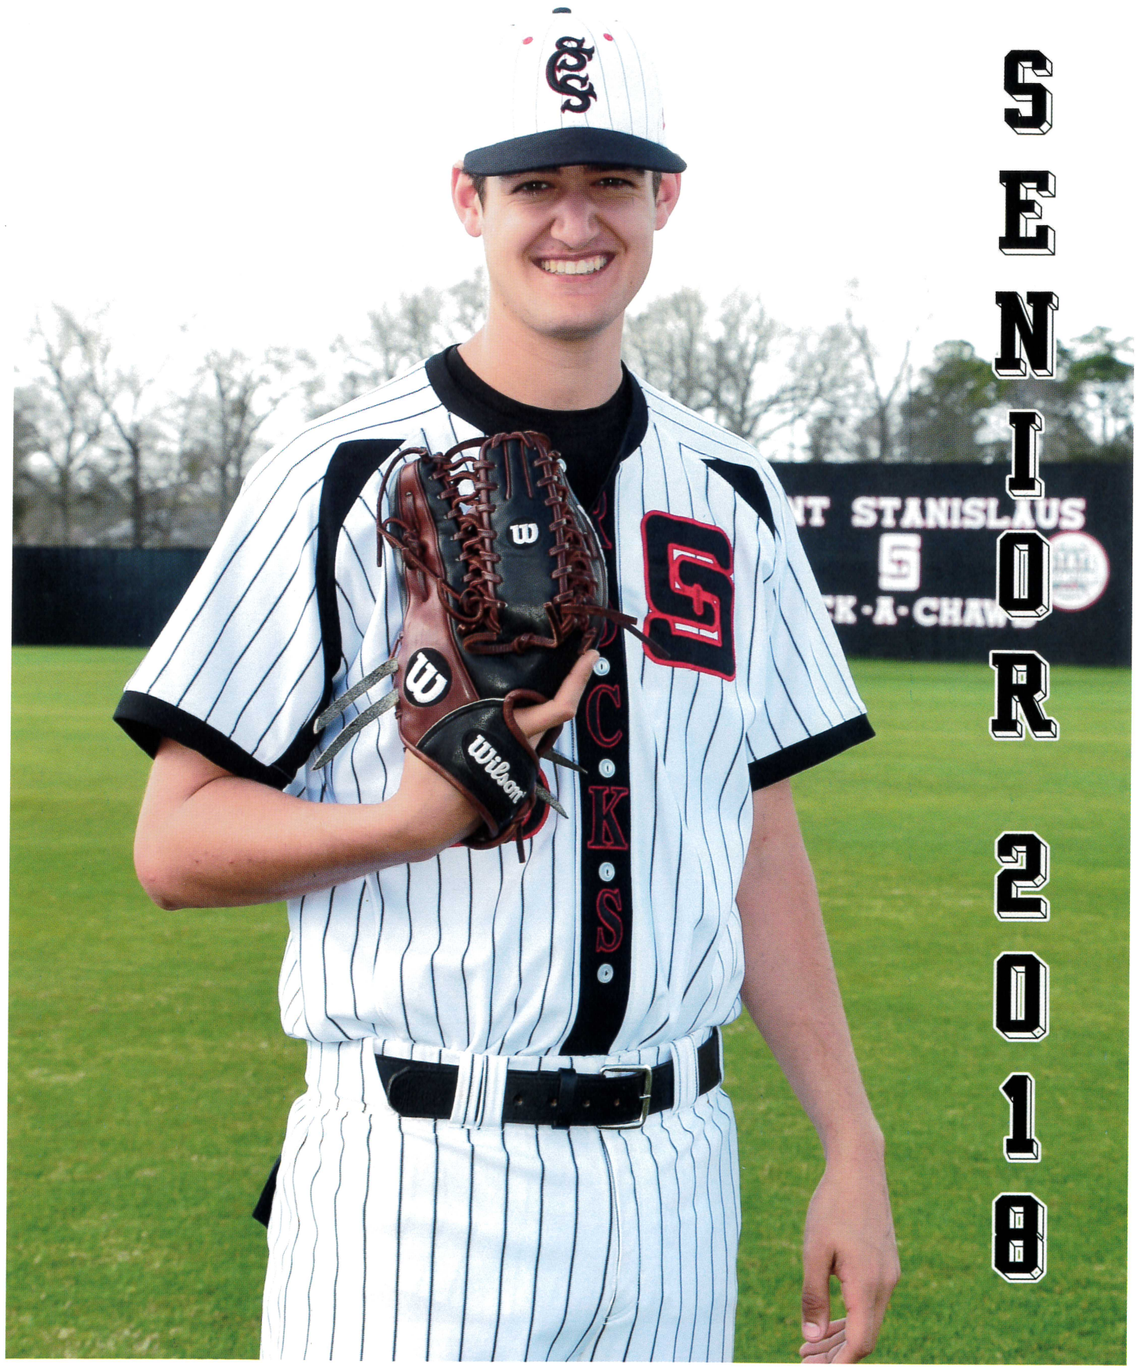
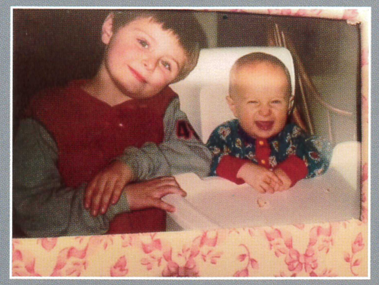
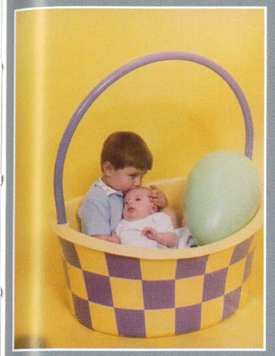
DANIEL WOLF

SENIOR 2018





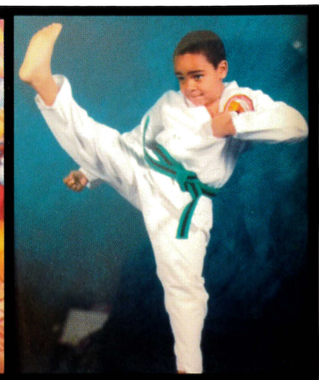


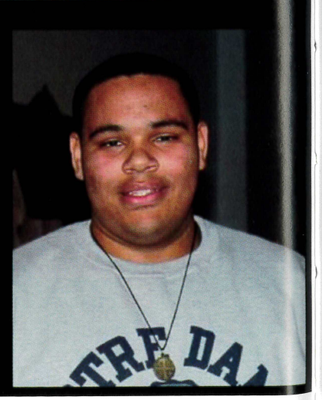
Congratulations on your big achievement, my dear son Chase. Words cannot express how proud I am and how much love you. You have grown into such an amazing young man. I cannot wait to see where this journey takes you. I know it will be incredible.
Love, Mama

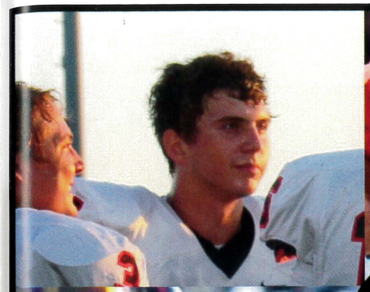
Chase my son,

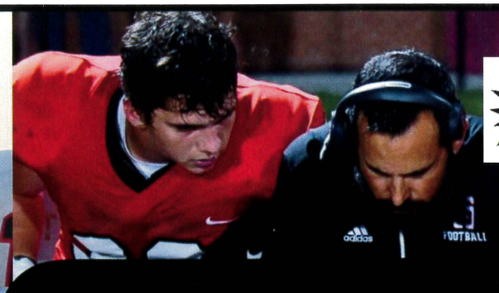
The day we brought you home as a newborn I knew you were a gift from God. You have always had a gentle spirit and kind personality which is not something you learn how to do, you just have it naturally. Your eagerness to learn new things has always amazed me. From school work, Cub Scouts, Boy Scouts and your impressive honor of earning the Eagle Scout rank…. CONGRATULATIONS!..... you are well on your way to becoming a successful and respected community leader. I hope you realize just how talented you are! You are a very handsome young man, you are very smart, you have good friends, you have family that loves you and supports you! Your scholarship at Millsaps College is a very high honor and something you worked very hard for, you should very proud of yourself, just like I am. Use this opportunity to expand yourself to higher learning and explore all the possibilities that lie before you. The value of a good education is priceless, so take full advantage of this scholarship you have earned and deserve. Now that you are moving into the next phase of your life, I hope you never lose sight of your goals. No matter what career path you decide to take always remembers that you can do anything you set your mind to……you have already proven that with your accomplishments to date. Always conduct yourself to a higher standard and you will earn the respect of others wherever you go. Set examples for others to follow and follow your dreams. You can do great things because you are a wonderfully talented person. I believe in you!

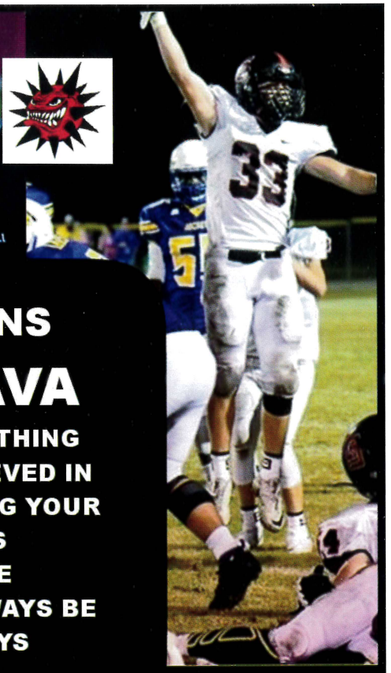
Congratulation on your graduation!
All my love, Dad

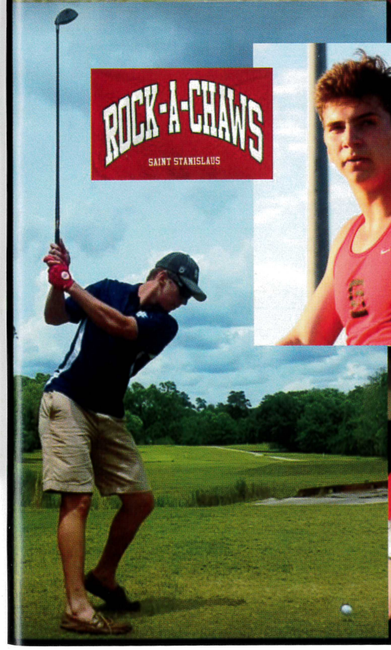


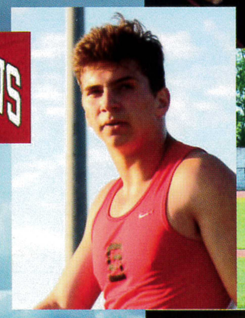








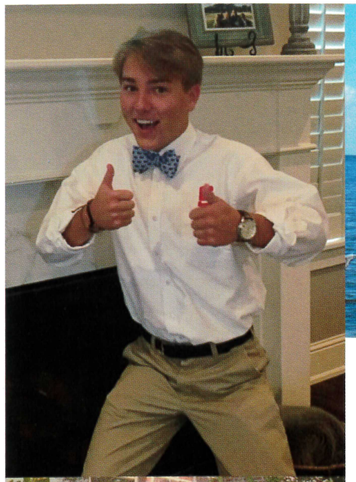




CONGRATULATIONS

NICHOLAS HAVA

WE ARE SO PROUD OF EVERYTHING YOU'VE OVERCOME AND ACHIEVED IN YOUR LIFE, ESPECIALLY DURING YOUR TIME AT ST. STANISLAUS
HERE'S TO YOUR FUTURE
MAY GOD BLESS YOU AND ALWAYS BE WITH YOU - LOVE ALWAYS
MOM & DAD



"May God bless and keep you always
May your wishes all come true
May you always do for others
and let others do for you
May you build a ladder to the stars
and climb on every rung
May you stay forever young"

We love you!
